Governance/Compliance Consultant m / w / d

Art der Anstellung: Fulltime
Standort: Vienna

Are you familiar with cyber security, security and data protection in the cloud? Are you looking for an unconventional combination of Cybersecurity and Compliance? Do you prefer smaller companies with a pleasant and relaxed atmosphere? Expand our security team and become an important part of ORBIT!

We are happy to welcome someone who:

- Has extensive experience in the field of Cloud Compliance and Governance
- Has experience in leading international projects
- Is communicative, customer focused and self motivated to deliver tangible benefits for our clients

What you need:

- You have demonstrable practical experience of at least 3 years in the management of IT Outsourcing / Cloud projects (ideally in the financial sector)
- You have theoretical knowledge and practical implementation in one or more of the following areas:

  - EBA/Go EBA/GL/2019/02

  - GDPR (including transfer requirements to third countries)

  - EDPB recommendations in the field of GDPR

  - DORA / NIS 2

  - Cloud Adoption Framework

- You have experience with specific implementation of cloud solutions Azure, AWS, M365, etc.
- You have experience in some area of Cloud Governance - costs, security, organization, resources, deployment.
- You are communicative with a pro-customer orientation, leading and moderating workshops in English is not an obstacle for you.

We will also certainly welcome if:

- You have an overlap in the areas of ensuring the continuity of the institution, creating exit strategies and creating cost-benefit analysis for cloud solutions.
- You have knowledge of the Architecture of cloud solutions for the platforms Azure, AWS, M365, etc.
- You have the ability to think in context and look for new solutions.
- You are a flexible personality who knows how to find a way to a goal and stick to it even in a complex environment.

In return we offer:

- The opportunity to create together with us a world where IT gives people the freedom to work anytime and from anywhere.
- Cooperation with foreign partners on important projects in the Czech Republic and abroad.
- Work with modern technologies, contact with the world's leading IT producers.

- And what makes us special? Combining Cloud Compliance with Governance is an unconventional synergy that is booming.
- We will not give you methodologies for everything, we will let you to find your own way and approach.
- You will be able to express your opinion on the functioning of anything in the company and we will be interested in it; however, you will have to back it up with arguments and defend it; if you succeed, in return you will be given a free hand to implement it.
- We will constantly insist on your professionalism and developing your uniqueness, while at the same time working with other colleagues in the team and creating synergy.
